EN: Use under the direct supervision of an adult.

NL: Gebruiken onder direct toezicht van een volwassene.

DE: Verwendung unter unmittelbarer Aufsicht eines Erwachsenen.

FR: Utiliser sous la surveillance directe d'un adulte.

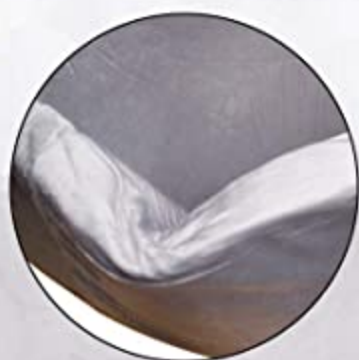

Due to a long time vacuum transportation, we need 4-7 days to let the latex foam return to it's original shape

You can put pillows to fullfil the ball pit to help it return to round shape.

For badly misshapen place, please use cold air dry and let the air back inside the foam.
